

A Better Edge Shapes

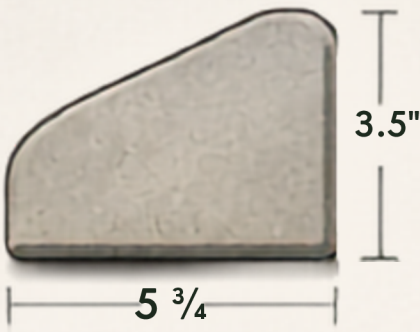

Beautifully crafted. Functionally designed.
Built for Colorado.

Lawn Border

Low Profile (industry)

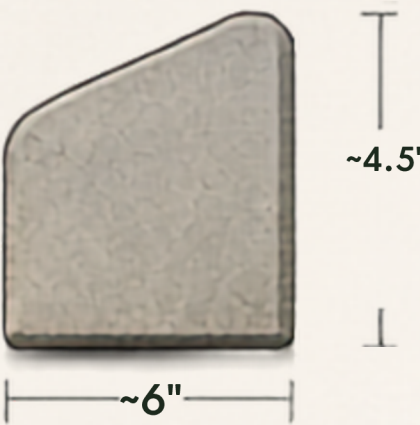

- ✔ Sits just above the grass line
- ✔ Provides definition but requires an edger (vertical blade) for upkeep
- ✔ Clean, subtle look that blends into the yard

Trim Edge

Standard Height

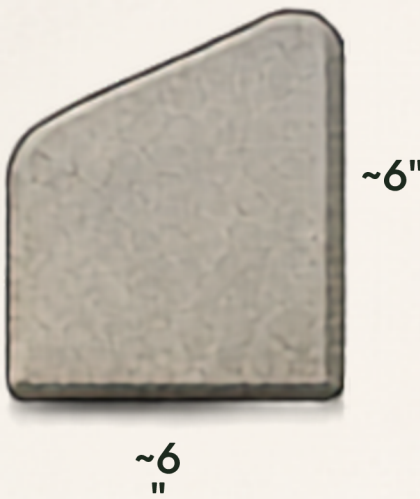

- ✔ Taller, so you can run a string trimmer against it for easy maintenance
- ✔ Slimmer for smaller landscapes or a lighter appearance
- ✔ Most popular choice for larger lawns or big berms
- ✔ Ideal balance of function and aesthetics

Trim Edge Pro

Raised Height, Broader Width

- ✔ Taller, so you can run a string trimmer against it for easy maintenance
- ✔ Most popular choice for larger lawns or big berms
- Stronger visual presence and added durability
